

This week..

This week we have planted our own Sunflowers and we are learning how best to care for them. We look forward to observing what happens next and how best to nurture them. As they grow we will be able to observe the changes and use them to inspire our creative pictures as well as comparing and measuring them before they come home for the summer.

We welcomed the reception teachers from school on Thursday and they were so impressed by how kind and considerate our children are. Well done everyone, you should be very proud of yourselves.

Next week

Next week we will be reading 'Whatever Next' by Jill Murphy where we will have our very own teddy bears picnics including making sandwiches.

Sound of the week

Show and Tell will now be incorporated within our sound of the week, so please could your child bring something in beginning with the sound "P" to share with us this week. This is where we will concentrate on correct speech formation and initial sound recognition

This week Show and Tell will be Tuesday and Friday, Please can we ask that toys only come in on these days.

Group Games

We will be developing our listening and attention skills by playing games that include our musical instruments and our large parachute.

School risers

We will continue to challenge the children with Kim's Game and use our letter resources and letter mats to encourage mark making and sound recognition.
