

## Last week...

We had a lot of fun celebrating Red Nose Day in our pyjamas and making some shamrocks for St. Patricks Day.

We spent a long time playing outside as the weather was very kind to us. We used the water to paint the fence and made cement with the mud and started to make a brick wall. The children really enjoyed the mud garden more than anything this week.

## Next week...

We are going to use our junk modelling items to try and make a vehicle that floats. We will see what ideas the children have and if they can make some boats or catamarans or even a yacht to sail the seas at Pre-School! We will be using mathematical language and concepts during their play too.

We will be saying 'Goodbye' to Julie as her last day at Pre-School is on Thursday.

Our 'Book of the week' is; The life of a little cardboard box.

## Sound of the week

We incorporate sound of the week within 'show and tell' so please could your child bring in one thing beginning with 'L' to share with us all. This is where we will concentrate on correct speech formation and initial sound recognition

## Important things to bring to Pre-School

There is a big emphasis in the revised EYFS for oral health and healthy eating, it would be great if you could check your child's lunch to ensure it is a well-balanced meal and as healthy as possible. We go outside in all weather, so please be prepared with suitable clothing. Could your child have some spares in their bag just in case we get wet and muddy outside too?

Number/Shape of the week  
Our shape of the week will be rectangle. We will be looking at shape recognition and representing rectangles using both objects and mark-making.
