

# Immunisations

April 2024

At Elsworth Pre-School we expect that children are vaccinated in accordance with the government's health policy and their age. We ask that parents/carers inform us if their children are not vaccinated so that we can manage any risks to their child or other children/staff/parents/carers in the best way possible.

The Pre-School Manager must be aware of any children who are not vaccinated within the pre-school in accordance with their age. We make all parents/carers aware that some children in the pre-school may not be vaccinated, due to their age, medical reasons, or parent/carer choice.

Our pre-school does not discriminate against children who have not received their immunisations and will not disclose individual details to other parents/carers. However, we will share the risks of infection if children have not had immunisations and ask parents to sign a disclaimer.

We record and encourage parents to record information about immunisations on children's registration documents and we update this information as and when necessary, including when the child reaches the age for the appropriate immunisations.

We ask that children stay at home for the first 24 hours after having immunisations in case of any reactions.

## Staff Vaccinations

It is the responsibility of all staff to ensure they keep up to date with their vaccinations, as recommended by the NHS vaccination schedule and keep the pre-school informed. If a member of staff is unsure as to whether they are up to date, then we recommend that they contact their GP or practice nurse for further information.
