

# End of term newsletter.

This term we have been learning about spring, we had a farm visit from monarch farm where the children were able to pet goats, lambs and horses and learn how they grow and the life cycle of each animal. We have planted our own flowers and vegetables and have been keeping a close eye on them each day making sure they have enough water and sun. Some have even sprouted which has sparked some lovely conversations between the children.

We have also been looking into healthy eating this term, the children have loved baking/making food and drinks each week.

Our new member of staff Rebecca has settled into Pre-School life super quickly, the children welcomed her with open arms and she has become a firm favourite in outdoor play!

Next term our topic will be "All about me".

We will be looking into each child's unique identity and background, this topic allows children to share their experiences and cultures, which promotes empathy and understanding among their peers. It also helps the children to reflect on their own identity, personality, strengths, and goals, which can develop a deeper understanding of themselves.

Alongside side the topic we will also be looking at school readiness with our school risers by role play, books, and outings to the school.

Show and tell is varied each week to give all children an opportunity to bring something in. Next week the sound will be "B".

Please bring something with this letter in on Tuesday and Friday.

**Please remember Pre-School is shut Friday 24<sup>th</sup> May, we break up for may Half term and return on Monday 3<sup>rd</sup> June.**

We hope you have the most amazing break, and we look forward to hearing about the children's adventures when we return.

Sophie, Bex, Catherine, Fiona, Emma, Mia, and Rebecca.
