Last week...

We spoke about all the people that help us and talked about what each sector involves.

We drew our very own safety circle, we asked the children who they feel safe with and who they would go to if they needed help. It was wonderful to hear all the different names and even some of the emergency services.

Autumn is officially here! - we had so much fun playing in the leaves and exploring the different colours and textures.

Important things to bring to Pre-School

There is a big emphasis in the revised EYFS for oral health and healthy eating, it would be great if you could check your child's lunch to ensure it is a well-balanced meal and as healthy as possible. We go outside in all weather, so please be prepared with suitable clothing. Could your child have some spares in their bag just in case we get wet and muddy outside too?

Sound of the week

We incorporate sound of the week within 'show and tell' so please could your child bring in one thing beginning with S to share with us all. This is where we will concentrate on correct speech formation and initial sound recognition

Number of the week

Our number of the week will be 3. We will be looking at number recognition and representing 3 using both objects and mark-making.

Next week...

We will be Astronauts exploring space! There has been a lot of interest in space within Pre-School so thought it was the perfect learning opportunity.

We will look at the different planets and learn about each of their names and the different colours. Alongside learning about the planets we will be talking about important figures such as Neil Armstrong and Stephen Hawking.

Tick-off '**50 fantastic things**' for you and your child to experience together.

'50 Things To Do Before You're Five' gives you 50 simple, fun activities that parents, and carers can take part in with their children.

Each of the '50 Things' have been carefully developed by education experts and early years practitioners following consultation with parents.

They have made sure that children with special educational needs are included and that each of the '50 Things' means something across our culturally diverse communities.

Please follow the link below which shows how to download the app onto your phone. We highly recommend it.
