Last week...

We made some star shapes out of salt dough, unfortunately we didn't get to decorate them this week as they took a long time to cook and harden. However you will see our designs early next week!

The children thoroughly enjoyed our mark marking tray, you may have seen pictures on our Facebook page. They made different shapes and patterns with various utensils in the flour.

Important things to bring to Pre-School

There is a big emphasise in the revised EYFS for oral health and healthy eating, it would be great if you could check your child's lunch to ensure it is a well-balanced meal and as healthy as possible.

We go outside in all weather so please be prepared with suitable clothing. Now the weather is turning please ensure that your child has spare clothing in their bag just in case we get wet and muddy outside!

Sound of the week

We incorporate sound of the week within show and tell so please could your child bring in one thing beginning with P to share with us all. This is where we will concentrate on correct speech formation and initial sound recognition

Number of the week

Our number of the week will be 5. We will be looking at number recognition and representing 5 using both objects and mark-making.

Next week...

Our book of the week will be "Pirates love underpants". The children have shown a really big interest in pirates since returning back to Pre-School so what better book to read!. We will be doing activities surrounding the book but still within the educational framework for early years.

BAKING! – we would love to do some baking with the children this week, it will most likely be on Tuesday. The children will bring their bakes home to enjoy.

Please can we ask that all children's lunch boxes, snack pots, drinks bottles and clothing are clearly labelled to avoid them being misplaced. It also helps us understand whose snack is whose as it's not always clear. We do have a child allergic to a certain fruit, so it is vital we are extremely careful.

We would like to direct you to our website elsworthpreschool.org where we have information on our new curriculum that began on 6th September. It is designed to enable all children to develop in each area of learning at the right pace for them and is based on activities that cover all areas of the Early Years Foundation Stage (EYFS). We aim to provide more information over the coming weeks.

As from the 14th of October Sophie will be absent from Pre-School as she will be in hospital having an operation. We wish her well and she will be back with us all after half term.
